Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Monday 28 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Settled further north with potential showers across the south.

Today:
A bright start in the north, with cloudier conditions further south. Staying dry in the north where cloud will move in through the afternoon, whilst there is potential for isolated showers developing elsewhere. Feeling warm in the sunshine. Maximum temperature 23 deg C (73 deg F).

Tonight:
Generally cloudy, although with a few clear spells, especially over Cumbria. Staying largely dry for most with a few isolated showers across the region. Minimum temperature 12 deg C (54 deg F).

Tuesday:
A few showers possible at times, however mainly staying dry with sunny spells. Best of the sunshine and dry conditions further north. Staying largely clear and dry overnight. Feeling warm. Maximum temperature 24 deg C (75 deg F).

Outlook for Wednesday to Friday:
Generally clear, dry, and feeling warm on Wednesday. Cloudy at times, but dry with sunny spells on Thursday and feeling a little cooler. Sunny spells with isolated showers on Friday.
